Today.

OTHER NEWS BY WIRE

Jackson, Ky., Jan. 26.—Tom Tharp, long known in the criminal records of Breathitt county as "Tricky Tom," was shot and instantly killed at Lee City today. His slayer was Matt Sloan who is locally considered as desperate as "Tricky Tom" himself. The trouble arose over a crap game in which Sloan was the loser. Sloan proved to be the quicker man, and used his pistol with such deadly effect that Tharp fell dead at a single shot with a bullet through his heart.

STILL THRIVES

MECHANICS BUILDING AND
LOAN ELECTS DIRECTORS.

The Mechanics Building and Loan Association, the only company left of its kind in this part of the state, has completed another successful year, and last evening elected directors as follows: J. L. Bethshares, George Rock, W. F. Paxton, F. L. Scott and E. G. Boone. This completes the 17th year of the association. It last night issued the 35th series and has paid out fourteen of this number. Five new houses were built by the association last year, and the prospect for its continued success could not be better.

NO QUORUM.

SO A MEETING OF THE STREET
COMMITTEE WAS NOT
HELD.

There was no meeting of the street committee at City Engineer Washington's office last night to consider the matter of curbing, as a quorum was not present. The object of the meeting was to decide on the kind of stone to be used by Contractor E. C. Terrell in the remainder of street paving he is to do. It has never been definitely settled what kind of stone, and a meeting will be called later.

No Strike Cases Come up in Police
Court This Morning, Defendants
Not Being Caught.

COUNTY COURT NOTES

CIRCUIT COURT.

The jury found for the defendant on pre-emptory instructions this morning in the case of E. G. Glisson against the Paducah City Railway Co.

Glisson and W. D. Pace were driving together on West Broadway during the last carnival when their wagon was struck by a street car. They were injured in the accident and asked for \$10,000 each. Pace got a verdict for \$500. Glisson had a collar bone broken in the accident and asked for \$10,000 damages.

The case of E. McBride against the I. C. for damages, was tried this morning and a verdict for the defendant returned on peremptory instructions.

The case of Mrs. Lucy M. Bradley against the Paducah City Railway company was continued this morning. She sues for \$15,000 damages for injuries sustained in falling off a car.

W. D. Pace vs Paducah Railway and Light company, motion filed for new trial by defense.

SUED FOR DIVORCE.

Ed Martens today filed suit against his wife Nellie Martens asking for a divorce, the custody of their children and a half interest in property held in the defendant's name. He alleges unbecoming conduct. They were married in Alabama in 1892 and separated in 1904.

In the cases of Alys McCarty against Alex McCarty and Baker, Eccles & Co. against Alex McCarty, a judgment for \$150 was returned in the former and for \$169.74 in the latter case.

The case of Doolin against the city of Paducah was continued.

The case of Robert Owen against the N. C. and St. L. Railroad Co. was continued.

POLICE COURT.

The case against L. A. Lagomarsino and Benner Brothers for alleged Sunday violation, were dismissed on motion of the prosecution, and that against Standford was continued.

The case against C. H. Lane and Mosely for selling stock without a license, was dismissed the license having been paid.

The cases against several persons charged with assaulting Nimmo and Brockman, the "scabs" from Rehkopf's, were not tried today as no one has been caught. It is said that George Chastaine and Arthur Dunn did most of the assaulting, and the police had not been able to find them today. One of the men attacked says he is going to leave, as it is too hot for him, and that a man who wants to work for a living has no protection here unless he belongs to a union.

NOTHING NEW

SITUATION IN LEATHERWORKERS' STRIKE ABOUT THE SAME.

There is no change in the strike matter in the Rehkopf plants here, the union leatherworkers still hoping for the proprietor to "come across" and pay the demanded scale, and the proprietor still holding out against the strikers on running an open shop.

Mr. Rehkopf is intent on running an open shop and says he is through fooling with union labor. It is said that when he agreed to sign up last season he informed them that it would be the last time he would advance the wages.

Mrs. John A. Perry, of Huntington, Tenn., has returned home after a visit to Mrs. Samuel Boyd, of Jones street.

IS NEAR AN END

United States Secret Service Of-
ficers After Counterfeiters.

Two More Arrested Yesterday Making
Four Charged With Passing
\$20 Bills.

OTHER ARRESTS ARE EXPECTED

It is probable the gang of counterfeiters that has been operating extensively in Calloway, McCracken and Graves county is well uncovered as eight alleged members of the gang are now under arrest and warrants will be issued by Commissioner Armour Gardner for several more persons who are thought to be implicated.

Last night Deputy U. S. Marshal Sydney Linbhard brought in Robert Duncan and E. D. Thompson, farmers of Calloway county, whom he arrested yesterday on the Tennessee river fifteen miles from Murray.

Thompson is alleged to have passed a \$20 Mayfield bank counterfeit note similar to the ones found here, on a merchant after Duncan failed in a similar attempt to pass the note or one like it. Both men claim they secured the notes in exchange for good money and a warrant has been issued for a man who seems to be the ring leader of the gang and from whom the money seems to come.

Duncan claims he got his bill from a ferryman on Tennessee river but does not remember the name and exact place he secured the bill. He says he is no relation to H. B. Duncan who is in jail here awaiting the action of the federal court on a charge of passing a counterfeit \$20 Mayfield bank note. Thompson claims he got the note from Duncan.

Every indication points to the fact that a gang of amateurs is turning loose the bogus \$20 bills, which are poor photographs and the authorities have about ferreted out the rendezvous of the gang. It is thought the counterfeiters have a genuine \$20 bank note and photograph it on this paper. This lead the authorities to procure a search warrant against a certain man in Calloway county, and if the result of the search reveals what the officers think it will, a very important arrest will result. Developments are expected today. It is said the headquarters of the counterfeiters is in the Blood River section of Calloway county.

The arrests already made make eight persons in jail charged with passing these \$20 counterfeit bills of Mayfield bank notes. Two are those arrested yesterday, another H. B. Duncan, arrested here two or three weeks ago, and others, Tobe Powell, arrested in the same section in which those brought in last night were found, and in jail at Mayfield charged with passing one of the bills there in a horse trade.

This afternoon Deputy U. S. Marshal Linbhard and a secret service man arrived from near Hardin with M. G. Warren and his son, Horace Warren, John Wyatt and Doctor Puckett, all charged with being implicated in passing the bogus notes.

Warren and his son are alleged to have worked in Paducah and Wyatt is known to be the man who passed a note on a Paducah woman who did not discover it was bogus until she presented it to a merchant who detected the fraud.

Puckett claims the bill he passed was given him by Warren and told this story before and after arrest. His story is believed and it is generally understood he will not be held after the examining trial.

Commissioner Gardner stated this afternoon that he would have the trial of as many as possible tomorrow morning in his office on North Fourth street. There are many witnesses coming tonight but it is not thought all the cases will be disposed of for several days, as much time will be required in getting all witnesses.

Miss Beattie Wilson, of South Fourth street, is ill of a gripe.

A COLD WAVE IN

Temperature Falls to One De-
gree Above Zero.

Nearly Three Inches of Snow Fell—
Business Not Much
Affected.

WARMER WEATHER IS PROMISED

The coldest weather of the season arrived last night and the lowest temperature reached was 1 degree above zero as registered by Government Observer Borneman's thermometers. It was coldest about 4 o'clock, when a strong wind blew and drove what few people were on the streets in. Later the wind died down and the cold was a still, dry one.

Thermometers ranged all the way from zero to 10 above. It depended on which thermometer was inspected, those on Broadway in Paducah possessing the unusual characteristic of all marking different degrees at the same time.

The snow fell began early last evening, and lasted until about 8 o'clock this morning. The snow was fine and dry, and the total fall was 2 1/2 inches, according to Observer Borneman's record. The street cars were not delayed for any length of time by the snow, those on the depot and other lines starting soon after breakfast.

The drop in temperature during the past 24 hours was something unusual, being 43 degrees, or from a minimum of 44 to a minimum of 1 degree. The coldest this season before today was 8 above zero.

Reports from other places show that there is a blizzard in the Northwest, and that it is rapidly touching all parts of the country. In some places the temperature is many degrees below zero. Here there is a perceptible moderation and warmer weather is promised for tomorrow.

The plumbers have been kept busy all day repairing breaks in water pipes and putting in new water boxes in ranges.

When the residents arose this morning many found their water pipes frozen and in thawing them out caused them to burst. Mr. Wynn Tully found his kitchen in five inches of water this morning, the water box of the range having burst in the night. Dr. Stewart had a similar case and others were reported but no one was reported injured by explosions of water boxes.

The first sleighing of the season is in today, and many have been enjoying it, despite the cold. The prospects are that it will not last long.

SPRAGUE MAY GO

REPORTED THE BIG TOW BOAT
WILL TRY TO GET THROUGH
THE ICE.

The big steamboat Sprague will attempt to go out this afternoon, it is reported from the upper Ohio.

The Sprague has been laying up here for several weeks unable to move on account of the low stage of water and the ice. It is thought by hard an careful work she can forge her way through the ice. The gorge coming down is being rapidly floated out and the officers on the big boat think they can work through it, dodging the heaviest portions.

SPUR TRACK

I. C. IS TO BEGIN WORK ON IT
TOMORROW.

Roadmaster Thompson and Supervisor W. C. Waggener, of the Louisville division of the I. C., have been inspecting the road property in Mechanicsburg today and laid off the plans for putting in the Meyers street spur track. This spur track will be built immediately, work beginning tomorrow.

A DAY'S RECORD

Mrs. J. W. Ogilvie, Wife of the
Former Senator, Died.

A Former Paducah Man Dies in New
York—Mr. Fred Hess
Dies Here.

AND SOME OTHER DEATHS

Mrs. Carrie Bell Ogilvie, widow of the late Senator John W. Ogilvie, died this morning about 1 o'clock at her home on the Blandville road, two miles beyond Wallace park, after a lingering illness.

The deceased was in her 76th year and had been a resident of this county for more than 35 years. She was born in Williamson county, Tenn., and married in 1868 and has been a resident of the county ever since.

She leaves two children, Messrs. David Bell and Alpheus Hume Ogilvie and two stepsons, Messrs. L. B. Ogilvie and John W. Ogilvie, the former the well known local merchant and the latter of the county. Besides her children, she leaves one sister out of a family of 14 children, Mrs. Maggie O'Neil, who has lived with her for the last three years, and two nieces in Paducah, Mrs. Hal Walters and Miss Willie Ogilvie.

Mrs. Ogilvie was a noble woman and a devoted Christian, being a member of the First Presbyterian church of Paducah and was beloved by all her friends and acquaintances. She had been ill many weeks preceding her death, which was not unexpected.

In the absence of the Rev. Dr. Cave, the funeral services will be conducted by either Dr. T. J. Newell of the Broadway Methodist church, or Rev. J. T. Owen. The funeral will be held at the family home in Arcadia at 9:30 o'clock Wednesday morning. Burial will be at Oak Grove cemetery.

News reached the city today of the death at Saratoga Springs, N. Y., of a former resident of Paducah, Mr. Eli J. Pendrick, aged 70 years, who expired January 18 from a complication of diseases. The deceased in addition to having relatives here, will be remembered by many of the older residents. He was born in the east but came to Paducah to live in 1859.

He assisted in organizing in 1863 a company in the 16th Kentucky volunteers, and was first lieutenant. He left Paducah in 1879, and moved back to his former home, but left there to locate at Greenfield, N. Y., in 1889, moving back to Saratoga Springs shortly thereafter.

He was a brother-in-law of the late Tom Leonard, of Paducah, and an uncle of Mr. Ed Pearson. He leaves a wife and two sons, Harry and Otis L. Pendrick, and two daughters, Mrs. W. N. Ferguson and Miss Nina Pendrick. He was a prominent member of the G. A. R. and his death will come as sad news to many friends here.

Many friends learned with sorrow today of the death of Mr. Fred Hess, who passed away last night at 10:30 o'clock at the home of Mrs. M. E. Morgan, on South Sixth between Clark and Adams, from old age, after several weeks illness.

Mr. Hess had been growing feeble for some time and sustained a fall a few weeks since, injuring a shoulder and hip. Since then he had been confined to his bed at his relative's, where he had resided for some years.

The deceased was 88 years old and came to this country from Germany, he clerked at various hotels for some years, but recently on account of failing health, had been unable to engage in work. He was a bachelor, and was an unusually well read man, spending most of his time reading. He was among the oldest residents of Paducah, having located here about 1838 with his parents.

Mr. Hess was a man of more than ordinary mental ability, being an excellent historian and geographer and also thoroughly up on all current

MONEY TO CHANGE

Hands in Large Lots if Small-
pox Decision Holds.

Many Cities, Including Paducah, Are
Preparing to Collect from
the County.

WILL EFFECT REVOLUTION

There is nothing certain known here about the recent decision of the court of appeals relative to the county paying a share of the smallpox expenses. For several years the city of Paducah and McCracken county, have been at loggerheads on this particular question, not only in McCracken county, but in many other counties as well.

The city of Paducah now has claims against the county amounting to possibly fifteen thousand dollars which have been hanging fire for several years. Instead of bringing suit, and thus having the question settled by the courts once for all, however, the city with the indifference and incompetency manifested in so many ways, has never taken any definite steps to recover what is claimed to be due it from fiscal court as the county's share of the smallpox expenses.

It is now claimed that the city will present a bill to fiscal court for the overdue money. It has already presented numerous ones, but they were lost some where. Suit should be filed, according to many officials. It is not known what the Bardtown decision that apparently holds that the county is liable for a part of the smallpox expenses contains, but is said to give all cities in the state a right to collect a part of smallpox expenses from the county.

As a result there is rejoicing in many counties. Down in Graves it is claimed the city of Mayfield will at once make demands for about \$7,000 claimed to be due from the county.

County Judge Lightfoot, of McCracken, said when asked his opinion about the county's liability to the city, stated that he had not seen the decision of the court of appeals and had no idea what it contained except what he saw in the papers.

events.

Of late years he had been a frequent-er of the Van Onlin book store where he had access to all papers, books and magazines and he spent a part of each day in reading the current events and keeping posted. He was well versed in history and knew it better than many whose profession is to teach it. During the Spanish-American war Mr. Hess reviewed his geography and no question was broached that he could not immediately answer.

Mr. Hess was also well versed in law, having associated with lawyers for the past several years.

The funeral will be held tomorrow morning from the residence, services at 10 o'clock, burial at Oak Grove.

Mrs. Lillian Porter, aged 34 of Littleville, died last night from consumption. She was born in Graves county, near Farmington, and had been ill for quite a while. The burial will be at Oak Grove.

Miss Myrtle Ellis, aged 17, died from consumption at 1040 South Third street. The funeral will take place at Oak Grove.

WITCHCRAFT REVIVED.

Pottsville, Pa., Jan. 26—Mary Tambrello has been arraigned before a justice on complaints made by Louis Gennacaro and wife, who declare the woman is exerting an uncanny influence upon them. The mysterious deaths of some chickens, a pet dog and a cat, financial reverses and some other misfortunes are attributed to her. Alleged threatening to kill the couple and to burn their home over their heads led them to resort to a court of law.

Justice Johnston, not being able to find any law for witchcraft, held the woman for her alleged threats.

SHOT THROUGH TREACHERY.

Manila, Jan. 26—It has just been learned that Lieutenant Campbell W. Flake, of the Twenty-second infantry, was killed while trying to enter Moro Cotta, in Mindanao, for the purpose of examining the locality. He was accompanied by Private Foy, of the same regiment. Lieutenant Flake was shot treacherously, the Moros firing on the party while Major Ballard was parleying with them. Moro Cotta was at once taken by assault with no further loss to the expeditionary forces. The estimated loss among the Moros is twenty killed.

FOURTEEN RESCUED.

Hartford, Conn., Jan. 26—The most disastrous fire that has threatened the business section of the city in years started in the five story block, corner of Main and Kinsley streets. In ten minutes the structure was a roaring furnace. Fourteen persons on the upper floors were rescued by firemen. One block was destroyed, and the eight story Sage-Allen building was partly destroyed. The loss will be close to \$200,000.

WRECKED A TRAIN.

Las Vegas, N. M., Jan. 26—Three boys, Myron Aldrich, aged 14; Lowell Ellis, aged 11, and William Denton, aged 15, arrested here, confessed to wrecking an extra Denver and Rio Grande freight train at Florence, Col., January 10. The boys said they were after the passenger train, which was late, and intended to rob the dead and injured passengers.

WEALTHY HOMES LOOTED.

Seoul, Jan. 26—Korean soldiers and police at Pyongyang disguised as robbers have looted all the wealthy native houses. Foreigners are growing very uneasy over the condition of affairs. The natives seemingly are apathetic. The weather is extremely cold.

MAFIA VICTIM.

New York, Jan. 26—Another mysterious Italian murder has occurred here. The police entered the rooms of an Italian secret society in South Brooklyn and found Zessetti Spremo shot to death.

"Now, there are plenty of kinds of whiskey," said Representative Ollie James, of Kentucky, "but the people in our state contend that our Bourbon is the best in the world. We sell to outsiders all that does not pass our test."

"What is the test?" asked Representative Butler, of Ohio.

"Why," said Mr. James, "we inject one drop of it into the veins of a rabbit, and if after that the rabbit will not fight a bullock the whiskey is no good."—Washington dispatch in New York World.

BOAT MEN PROTEST

They Go to Frankfort to Confer With State Board.

Want Double Taxation Eliminated and the Tax on Cargoes Removed.

PADUCAHANS ARE INTERESTED

Steamboat companies doing an interstate business at Kentucky ports are greatly disturbed over a recent ruling of the state board of equalization, which will require them to pay a tax upon cargoes taken at Kentucky ports, says yesterday's Courier-Journal. The ruling affects only the boats which are property of non-resident corporations doing business at Kentucky landings. The traffic officials of such lines will confer with the board of equalization in Frankfort, and will seek to have the ruling rescinded, as they claim that the tax which is paid at the home ports is as great as they should be called on to bear, in addition to the wharfage of \$6.50, which is paid into the municipal treasury of every port where the city maintains a wharf for every cargo which is taken or discharged at such places.

T. M. Gallagher, general freight and passenger agent of the Hyman line of steamboats, which operates between Nashville and Evansville and Paducah, with boats which make the Kentucky landings on the upper Cumberland as well; Saunders Fowler, secretary and treasurer of the Evansville, Paducah and Cairo Packet company, and Captain James Koger, superintendent of the St. Louis and Tennessee River Packet company, passed through Louisville yesterday on the way to Frankfort, where they will meet with the board of equalization. The St. Louis and Tennessee river line has a number of boats in the Ohio, as well as the Tennessee and Mississippi rivers, and it is vitally interested with the rest in having the ruling rescinded. The Memphis and Cincinnati packet companies will be represented at the meeting in addition to the Nashville, Evansville and St. Louis companies, and the delegation of steamboat owners will be accompanied by their legal counsel.

The effort will be made to show why the action of the Kentucky officials will impose a double taxation on the steamboat companies, and make it even more difficult than at present for them to compete with the rapid transportation which is offered by the railroads. Claims are made that the injustice will be manifest as soon as called to the attention of the board, and it is believed that it will be revoked.

Captain Gallagher was in Louisville yesterday, and said in speaking of the mission which carried him to Frankfort:

"We are going to confer with the board of equalization for the purpose of securing the removal of the tax which has been levied on the boats making Kentucky landings. Boats which are owned by companies incorporated in Kentucky do not have to pay the tax, and we find ourselves working against unequal competition not only with the railroads, but with the Kentucky steamboat companies. We believe that this is manifestly unjust, and exemption from the tax will be asked. The Hyman line, which I represent, pays state and county taxes in Davidson county, Tenn., having its home port at Nashville. The other lines also pay their taxes at their home port. To the city of Nashville we do not pay a regular tax, but we pay the sum of \$6.50 for wharfage on every cargo that comes in or goes out. We make a similar payment at Paducah and every other place where the wharf is maintained by the city government, and that charge is all that we feel called upon by justice to pay at ports where we do business.

"The river business this year has been at a low ebb on account of the cold, dry weather, which kept all the streams down, and permitted only broken navigation. The rise which is now on is the first that has been experienced of sufficient volume to enable the lumber interests to begin unimpeded operations, and in the face of the adverse conditions we are more strongly against submitting to the tax than we would be in more prosperous times."

COL LYNCH FREE

NOTED IRISHMAN RELEASED—PRESIDENT ROOSEVELT'S INFLUENCE FELT.

London, Jan. 26—Colonel Arthur Lynch, who was sentenced to life imprisonment for high treason for fighting with the Boers against the British in the Transvaal, and who previously to his arrest was elected to the house of commons from an Irish constituency, has been released. He had completed a year's imprisonment.

He did not receive a royal pardon, but was liberated on a license, which gives him full personal liberty. He may leave the country, but is disqualified from sitting in parliament and from being elected to a position of trust.

It is learned that the liberation of Colonel Lynch is the outcome of an interesting series of events. When Michael Davitt was last in the United States he saw President Roosevelt, who mentioned Colonel Lynch to him, saying he had once entertained him at Albany. The president expressed great interest in the case, and regretted he could not suggest clemency without laying himself open to a palpable snub. On his return to England Mr. Davitt mentioned his conversation with President Roosevelt to Sir Thomas Lipton and to Mrs. Lynch, who has suffered bitterly since her husband's arrest. He also made a pathetic appeal to Sir Thomas, who then personally interceded with King Edward on behalf of the condemned fellow-Irishman. Without any hesitation, his majesty promptly informed the home secretary of his wishes in the matter, and the prisoner was released.

KILLED BY ACCIDENT.

Mr. G. Z. Umbagh has received word of the accidental death of his son-in-law, Lawrence Morrison, who was killed near his home in Columbus, O., Saturday. He was 23 years old and as he was a railroad man is supposed to have been killed in an accident, no particulars being given.

FORT MASSAC

THE WORK OF BEAUTIFYING IT TO BEGIN IN THE SPRING.

Next spring will see the site of Old Fort Massac transformed into a beautiful state park, for the work of grading will begin as soon as the ground can be worked. The view from the park is magnificent, as there is a bend in the river there and the woods of Old Kentucky, the beautiful waters of the Ohio and stretch of the grand old Illinois make a fine landscape.

In addition to the twenty acres purchased by the commission, Senator Green presented the state with the land upon which the redoubt stood, the remains of which are still there, and also a tract of land sixty feet wide, to be used as an avenue connecting the park with the city of Metropolis.

The boundary lines of the park are as nearly square as possible and the river frontage is one-eighth of a mile.—Cairo Citizen.

MAD ELEPHANT.

COMES NEAR KILLING HIS KEEPER AT MILWAUKEE

St. Paul, Minn., Jan. 26—Maddened by the intense cold, which had frozen its ears and trunk, an elephant belonging to an animal show which had been exhibiting at a local theater almost killed its keeper, Conrad Castens, and partially wrecked the Milwaukee freight house.

Castens went to the animal's head and attempted to pacify it, but the beast threw him to the ground and planted its foot upon him.

The brute then seized heavy articles of freight in the sheds and began tossing them about promiscuously. After laboring from 5 o'clock in the morning until 3 o'clock in the afternoon, the attendants quieted the animal.

NATIONAL BISCUIT COMPANY

DISCUSS THE GATES

Railroad Officials Think Street Car Co., Should Help.

It is Also Said That the Gates Will not Really Protect the Public.

ANOTHER MEETING FRIDAY

A meeting of the joint ordinance committee of the general council was held last night for the purpose of hearing expressions from the railroad officials relative to the automatic gates proposed to be established at the railroad intersections in Paducah.

Supt. Egan, of this division of the I. C., and Supt. W. J. Hille, of the N. O. & St. L. were present, and seemed in favor of the improvement, but thought the street railway company should bear a part of the expense where their tracks cross the railroads. This is at Third and Sixth on the N. O. & St. L., and at Broadway, Madison and Trimble streets on the Illinois Central. It was decided to hold another meeting Friday, and have present General Manager George O. Wallace, of the street car company.

Superintendent Egan stated to a reporter last night in regard to the automatic gate proposition:

"The objection raised by the railroad company on installing gates at the railroad and street crossings is that they are really not the protection desired, flagmen are ample protection in the fact that the railroad here has not 'speed crossings'."

"Speed crossings in the city are all protected by automatic gates, but pedestrians often walk under them contrary to the gate warning and tower operator, and it was only last week that a man was killed in Louisville in this way."

"During the night there are no trains crossing the streets here except one train from Cairo, and the switch engines are all busy in the south yards and rarely ever pass the Tennessee street crossing. We feel that a day flagman is better protection than gates would be in Paducah."

General Manager Wallace said today that his company would oppose paying any portion of the expense of placing in automatic gates. He did not see why the street car company, he stated, should be put to any expense to protect the public from railroad trains. The automatic gates are intended as a protection from railroad trains, not street cars, and the railroad companies should put them in. He said the street car company would oppose any such a move.

A returned Methodist missionary states that all denominations are working in harmony in Orea, but that the petty persecutions of the natives are causing some inconvenience.

FAIR EXCHANGE

A NEW BACK FOR AN OLD ONE—HOW IT IS DONE IN PADUCAH.

The back aches at times with a dull, indelible feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is an agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Paducah citizen:

R. K. Tilley, of 400 South Third street, tobacco packer with the Alliance & Veal Tobacco Co., on North Third street, says:

"An aching back to a tobacco packer is not only a nuisance but it keeps him in misery. Despite all my efforts to cure mine by using household remedies and trying treatments guaranteed by friends and acquaintances I was unable to check it, let alone cure it until I procured Doan's Kidney Pills at DuBois Co.'s drug store on Broadway. The first box gave such satisfaction that I bought a second. To say I endorse Doan's Kidney Pills mildly expresses my opinion of that remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

WAS WITH DOWIE

Wire Chief Evans, of Independent Co., Dowie's Secretary.

Was With the Noted "Healer" for Two Years and Was Expelled for Saying "H—l."

SAYS DOWIE IS GREAT MAN

Mr. H. Evans, wire chief in the employ of the local Independent Telephone company, was John Alexander Dowie's private secretary for two years in Zion City, and relates many interesting facts about Rev. Dowie, his people and the management of Zion City.

Mr. Evans is a Cincinnati boy and was for several years a court stenographer. He has an aunt, Mrs. M. E. Long, of Hillsboro, O., who is a strong Dowieite and who secured him a position under Elijah H. Mr. Evans serving in the years 1899 and 1900 as secretary to Dowie.

"The city of Zion," Mr. Evans explained, "is an ideal city. The government is pure and not even smoking is allowed. When I went to work for 'The Doctor,' as he is called, I had to 'cut out' smoking, which subsequently caused my downfall in Zion."

"When you get off a train at Zion smoking you are expected to throw your cigar or cigarette away and enter the city pure. No smoking, drinking, swearing or in fact nothing that is not pure according to their way of looking at it, is allowed in Zion. They have no doctors except dentists, and these dentists are supposed to work on teeth of the 'outer world' only. When a person enters Zion with a decayed tooth, this is the tooth to be worked on, for having once entered Zion you are supposed to be sound and have no ailments. The creed is really immediately akin to Christian Science only the Zionites will not admit the fact. I did not adhere to their belief but was making an excellent salary under The Doctor and remained as long as he permitted me."

"The methods of courtship in Zion are very original, a young man never going with a young lady unless he expects to marry her. When a young man is smitten with a young lady he makes his feeling known to The Doctor, or one of his elders, who consults with the girl and arranges matters, if possible. This is what caused my downfall. I walked to church with a young lady twice and was brought before The Doctor and made stand on the 'carpet' and answer for my crime. I was asked if I intended to marry her and remarked absent-mindedly, 'H—l. I can't take care of myself, let alone the young lady.'"

"This is what caused my expulsion from Zion and I have regretted the slip ever since. I am not given to swearing but this little word slipped my tongue and caused me all my trouble."

Mr. Evans states that Dowie is a business man through and through and leaving his creed out of discussion, is a fine man. He is cunning in business and Mr. Evans thinks his great achievement of founding and building up Zion, marked him as a man of more than ordinary ability.

Mr. Evans being a smoker, often went outside the corporate limits of Zion to enjoy his cigar or cigarette, but was nearly always hauled upon the "carpet" to answer for his crime. He states that he likes Zion, even in all its strictness, and enjoyed his life there very much.

From Zion Mr. Evans went to Chicago, from Chicago to St. Louis and from there to Memphis. He began studying electricity in Memphis and became a line man, later accepting the position he now holds with the local Independent Co.

REV. CARLISLE P. B. MARTIN, L. L. D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and \$1.

RUSHING THINGS.

SAYS SENATOR WHEELER CAMPBELL AT LOUISVILLE.

Senator J. Wheeler Campbell was at Seelbach's on his way home for a day, and talked politics with a number of local men until his train left, says yesterday's Courier-Journal. He is a member of the committee on public charities, which will gather in Louisville this week to inspect the Central Kentucky asylum for the insane.

"The school book bill will go to the governor not later than Friday," he said, "and will be signed by Governor Beckham as soon as it is presented to him. The only delay is to allow the bill to be engrossed. This is now being done by the clerk, and will be completed in a few days. The members of the legislature are working as they never worked before."

MADE GOOD ARREST.

AGENT DINEEN GETS A TRAMP WHO LIKES WHISKEY.

Wm. Webber a tramp, was arrested by Special Agent Dineen, of the Illinois Central, near Morganfield, Ky., a day or two ago for breaking into a box car, stealing all the whiskey he wanted by boring a hole with a gimlet into the barrel, and then setting fire to the car with a match with which he was trying to light his way out. It is claimed that Webber and a companion also set fire to several houses. Webber was held over but the other man escaped.

GETS LONG SENTENCE.

Sedalia, Mo., Jan. 26.—Frank C. Dunton, who killed Emil Meyer in this city two months ago for the betrayal and desertion of his daughter, Daisy, was sentenced to the penitentiary for twenty-eight years. The evidence showed that Meyer was shot in the back, and on this ground the verdict was given. Sentiment was favorable to Dunton on the day of the shooting, but the post mortem revealing the nature of the wounds, discredited his testimony.

Dr. O. A. Elliott is quite ill from grippe.

Theatrical Notes.

An enthusiastic crowd greeted the ever popular Howard-Dorset Company at the Kentucky theater last night, and if the weather had been better the house would have been packed. Owing to the illness of a member of the company "Roanoke" instead of the play advertised, was presented, and it was given in the style characteristic of this excellent company. Mr. Howard was exuberantly funny in the part of "Aunt Dinah," and Miss Dorset, as usual, plays the leads. The company this year is better, if possible, than heretofore. It embraces only talented people, and puts on the best shows presented by a repertoire company. During previous visits to Paducah the company has broken the house record for repertoire companies and is expected to do it this time. Tonight "The Winning Hand," a Western play, in which Mr. Howard appears as an eccentric lawyer and Miss Dorset in a charming part, will be presented. Specialties are given between the acts, making it practically a continuous performance. The moving pictures are among the best ever seen in Paducah. Those who desire high class plays at popular prices should go every night.

SOUR LAKE FIRE.

Sour Lake, Tex., Jan. 26.—A fire started in the First national bank building swept away the greater portion of the town and on into the Cannon tract, where the oil well derricks were very thick. The buildings destroyed were of frame, and consisted of hotels, restaurants and stores, covering six blocks. None were very valuable. The loss is something above \$200,000, with very small insurance.

DESERTING BRYAN.

Mr. Bryan's friends are beginning
to desert him like rats leaving a
doomed ship. U. S. Senator James B.
McCreery, one of the staunchest Bry-
an men in Kentucky, is the latest,
and here is what he says: "If we are
to have any hope of success in the
coming Presidential election, the Dem-
ocratic party must take up the ques-
tions that confront us today, and, in
addition, we must have both conser-
vatism and harmony. I feel quite
sure that the Democrats of my state,
who redeemed themselves in the last
national election, would much prefer
this year to go into the fight on live
issues. With a strong, earnest and
conservative candidate, who will har-
monize the party, and a platform cov-
ering the questions uppermost in the
public mind today, the Democracy
can redeem itself in the nation." The
disaffection and desertion will gather
strength as the date of holding the
Democratic national convention draws
near, but Mr. Bryan can doubtless
still muster enough of a following to
keep the Democratic party split. One
obvious truth is that Democrats are
getting disgusted with Mr. Bryan's
egotism and obnoxious activity. An-
other thing, it is evident that while
Mr. Bryan a few years ago urged the
sound money element of his party to
come into the fold on the plea that the
party had pledged itself to free silver
and good Democrats should stick to
what their party believed in, he him-
self is unwilling to offer his assistance
and good will should the sound money
element, or any other element op-
posed to him, now gain control. No,
Mr. Bryan is bigger than his party.
It was all right for sound money Dem-
ocrats to renounce their own personal
opinions and vote for free silver and
Mr. Bryan because the party said to,
but it would never do for Mr. Bryan
to accept or vote for a theory he does
not believe in, no matter how urgent
his party may favor it. The rules
Mr. Bryan made for other Democrats
were not intended for himself, the
great high priest.

The Democrats themselves are be-
ginning to see what a small calibre
man Mr. Bryan is, and they can imag-

There is no advantage to be gained
in taking up time and space with com-
ments on the bill now before the Ken-
tucky legislature having for its object
the disfranchisement of the negro. Its
object is apparent, and its success is
assured so far as the legislature is con-
cerned. The assembly has the power
and evidently the disposition to pass
it, and the only thing left to do is to
wait for results. What these will be
no one can say, but it may be it will
drive into the Republican party
enough fair-minded Democrats to
make up for what voters are disfran-
chised, perhaps enough to make the
state Republican. At any rate the
"grandfather clause" is a fair index
to the intelligence and fairness of the
majority of Kentucky's present legis-
lators. A majority of the people of
Kentucky elected the legislature and
if they are not satisfied with the way
their representatives do things, they
will have to grin and bear it.

There is no time to waste in pre-
paring for the street improvements in-
tended by the people when they voted
the bonds to be made as soon as pos-
sible. Already two months have gone
by the board, and still nothing has
been done. This is not transacting
business in a business-like way, and
it is not fair to the taxpayers and oth-
er citizens of Paducah to delay a mat-
ter for which there is so little excuse
for delay. Much preliminary work,
as pointed out by the city engineer,
could be done every pretty day if only
the streets to be improved were decid-
ed on. If the boards exhibit the prop-
er business sagacity, all the paying
to be done from the bond issue can be
finished this year. If it keeps on put-
ting off, it may never be finished.

WITHOUT DOCTOR

CORONER PEAL CALLED TODAY TO HOLD INQUEST OVER CHRISTIAN SCIENTIST.

Coroner William Peal will this afternoon hold an inquest over the remains of Mrs. Lillian Porter, aged 34, who died in Littleville last night. There had been no doctor in attendance, according to information filed with the coroner, and it is necessary for him to hold an inquest in order to secure a burial permit.

The coroner stated this afternoon that he had been informed the woman had been allowed to lie thirteen months without a physician, suffering from consumption, when she might have been cured in the earlier stages. She was a Christian Scientist, according to reports, and it is the first case of its kind that Coroner Peal has had to come before him during his term of office.

ICE IS COMING

IT WILL FLOW BY IN LARGE FLOODS SOON.

The ice is beginning to flow thick above Paducah and will soon reach this port.

The river men think the ice will run out in a few days, however, as the river is high and the water is coming down fast. The big gorge which left Cincinnati several days ago gained speed as it came down and Observer Saunders Fowler thinks it will run out in a day or two. This is the thickest ice to be encountered and soon as it has disappeared, will render navigation safe.

The Evansville packets will not start out until the ice has floated out, the Joe Fowler having turned back last night at Carrsville on account of the gorge.

NO HABEAS CORPUS

WILLIAM LIGHTFOOT TO BE TAKEN AWAY WITHOUT FURTHER CONTEST.

Attorney Dave Cross states that he will not take out a writ of habeas corpus before Judge William Reed for the purpose of releasing William Lightfoot, held to await a requisition in the police court yesterday. He says he is perfectly willing for his client to go to Tennessee for trial, and always has been, and that his client is willing to go there, but wanted a trial here to show how little evidence there is against him. All they desire to guard against is lynching.

Attorney Cross said he was confident the prisoner is innocent and will be acquitted and believes he will now have no trouble when he is taken back for trial.

Mr. J. B. Roberts leaves for Kentucky, Mo., to take a position in a dry goods store.

TO APPOINT A COMMITTEE TO GO TO FRANKFORT.

President Ed Hannan, of the council, stated this afternoon that he would not appoint his committee to go to Frankfort to see to charter amendments going through the legislature until the amendments had been prepared.

"The amendments are only partially prepared and until they are ready for the legislature I can see no reason for appointing a committee," he explained. "When Solicitor Pryor has them all ready and announces it I will then appoint."

Youth Near Louisville Confesses He Wanted to See Wreck.

Jackson, Ky., Wants to Substitute Saloons for Blind Tigers—Vengeance Wrecked on Chinaman.

OTHER NEWS OF KENTUCKY

Pleasureville, Ky., Jan. 26.—Because he had never seen a railroad wreck, and, having read about them, longed for a glimpse of such a catastrophe, E. W. Horne, the son of Prof. G. W. Horne, according to his own confession, attempted three times to wreck the Louisville & Nashville train at Smithfield. Horne is just thirteen years old. The obstruction was discovered in time to prevent any trouble. It was decided to drop the prosecution, as the father of the boy agreed to send him to the School of Reform at Lexington, for three years.

WANT NO MORE JUDGES.

Covington, Ky., Jan. 26.—The members of the Keaton Bar Association held a meeting and adopted resolutions vigorously opposing the measure in the State Legislature, which if passed will create an extra Circuit Judge in this county. It was believed the majority favored an additional Judge owing to the increase in litigation. A committee was appointed to go to Frankfort to oppose the measure.

TIERED OF BLIND TIGERS.

Jackson, Ky., Jan. 26.—At a meeting of the Board of Trustees a resolution was adopted agreeing to permit the sale of liquor in Jackson and the licensing of saloons. There is some question as to the power of the Board of Trustees to pass such an ordinance in conflict with the acts of the Legislature, but whether a test will be made or it will be allowed to stand as everything else in Breathitt county is not known. They claim that whiskey is sold in countless blind tigers and the city might as well be getting the benefit of licenses.

DETECTS NEGRO IN ACT.

Lexington, Ky., Jan. 26.—Sam Hargman, colored, was detected in blowing the safe in the ticket office of the Louisville and Nashville railway. He had demolished and scattered tickets and papers over the floor and was placing blasting powder in the safe when detected by J. W. West, the ticket agent. Hargman jumped through a window, West firing at him. The police caught Hargman. The machinist who opened the safe said the entire building and other buildings would have been demolished had the fuse been lighted.

WANT TO BE PENSION AGENT.

Louisville, Jan. 26.—Three candidates are already in the field for the office of pension agent, and it is expected that several others will announce themselves within the next few days. Those out are: Captain American Whedon, Louisville; Major A. T. Wood, of Mt. Sterling; Harvey S. Irwin, Louisville. Captain Whedon has the endorsement of the Grand Army of the Republic in this state.

TOBACCO AT HOPTOWN.

Hopkinsville, Ky., Jan. 26.—A Henderson representative of the Imperial Tobacco company has rented two steamers here and began buying tobacco in this county for strips. About half a million pounds were purchased yesterday at prices ranging from 5 1/2 to 6 cents.

LAUNDRY FIRED.

Mayfield, Ky., Jan. 26.—Fire of mysterious origin broke out in Hop Lee's laundry on Market street and consumed Jacob Cablish's grocery, P. W. Wheeler's shoe shop and Ida Overstreet's restaurant. There was no insurance. Hop Lee, in whose place the fire originated, eloped Saturday night with a white girl.

PELL DEAD.

Carrollton, Ky., Jan. 26.—Hon. John O'Neal, aged about seventy years, fell from his chair and died instantly. He had been for years a great sufferer from asthma. He was a prominent farmer and well known surveyor. Mr. O'Neal leaves a widow and four children.

DIED ALONE.

BEAUTY TRIUMPHS.

"It's a Priceless Treasure."

Beauty is woman's greatest charm. The world adores beautiful women. A pretty woman dreads maternity for fear of losing this power. What can be done to perpetuate the race and keep women beautiful? There is a balm used by cultured and uncultured women in the crisis. Husbands should investigate this remedy in order to reassure their wives as to the ease with which children can be born and beauty of form and figure retained.

Mother's Friend

It is the name by which this preparation is known. It diminishes the pain allied to motherhood. Used throughout pregnancy it relieves morning sickness, cures sore breasts, makes elastic all tendons called upon to hold the expanding burden. Muscles soften and relax under its influence and the patient anticipates favorably the issue, in the comfort thus bestowed. Mother's Friend is a balm for external application. It is gently rubbed over the parts so severely taxed, and being absorbed lubricates all the muscles. A Druggist sells it for \$1 per bottle. You may have our book "Motherhood" free. CURED LUMBAGO.

A. B. Cauman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 25c, 50c and \$1. Sold by DuBois, Kolb & Co.

HAD SMALLPOX.

Mayfield, Ky., Jan. 26.—John Hamilton, a traveling salesman for the Woolen mills, arrived from South Carolina Saturday with a badly developed case of smallpox. He came in a sleeper and was taken to his home near here. Many people were exposed to the disease on his trip.

PLEASANT AND MOST EFFECTIVE.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes December 25, 1902: "With pleasure and unhesitatingly, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and \$1. Sold by DuBois, Kolb & Co.

When the liver fails to secrete bile, the blood becomes loaded with bilious propensities, the digestion becomes impaired and the bowels constipated. CHAPTER XIX.

A ROVE in his room Barnes, with
plays and manuscripts scatter-
ed around him, was engaged
in writing in his note and date
book, wherein autobiography, ledger
and journal accounts and such miscel-
laneous matter mingled indiscriminate-
ly. "Today she said to me, 'I am go-
ing to the races with Mr. Saint-Pro-
sper.' What did I say? 'Yes, of course.
What can there be in common be-
tween Lear and Juliet? Naturally she
sometimes turns from an old fellow
like me. Now, if she were only a slip
of a girl again, with her short frock,
her disorder of long ringlets, running
and romping—"

"A thousand details pass through my
mind, reminiscences of her girlhood,
lightening a lonesome life like glim-
merings of sunshine in a secluded
wood; memories of her mother and the
old days when she played in my New
York theater, for Harlow, the stroller,
was once a metropolitan manager! Her
fame had preceded her, and every
admirer of histrionic art eagerly await-
ed her arrival. Then this incompara-
ble woman fell ill.

"You see? I have ruined you," she
said sadly.

"I am honored, madam," was all I
could reply.

"She placed her hand softly on mine
and let her luminous eyes rest on me.

"Dear old friend," she murmured.

"Then she closed her eyes, and I
thought she was sleeping. Some time
elapsed when she again opened them.

"Death will break our contract, Mr.
Barnes," she said softly.

"I suppose my hand trembled, for
she tightened her grasp and continued
firmly. 'It is not so terrible, after all,
or would not be, but for one thing.'

"You will soon get well, madam," I
managed to stammer.

"No. Do you care? It is pleasant
to have one true, kind friend in the
world—one who makes a woman be-
lieve again in the nobility of human
nature. My life has been sad, as you
know. I should not regret giving it
up. Nor should I fear to die. My
child will miss me—poor, moth-
erless, fatherless girl—all alone, all
alone!"

"Madam, if I may—will you permit
me to care for her? If I might regard
her as my child!"

"How tightly she held my hand at
that! Her eyes seemed to blaze with
heavenly fire. But let me not dwell
further upon the sad events that led to
the end of her noble career. Some-
thing of her life I had heard; some-
thing I surmised. Unhappy as a wom-
an, she was majestic as an actress.
The fire of her voice struck every ear.
Its sweetness had a charm never to be
forgotten."

A knock at the door rudely dispelled
these memories. For a moment the
manager looked startled, as one ab-
ruptly called back to his immediate
surroundings; then the pen fell from
his hand, and he pushed the book from
him to the center of the table.

"Come in," he said.

The door opened, and Saint-Pro-
sper entered.

"Am I interrupting you?" asked the
soldier, glancing at the littered table.

"Not at all," answered the manager,
recovering himself and settling back
in his chair. "Make yourself at home.
You'll find some cigars on the mantel,
or if you prefer your pipe there's a jar
of tobacco on the trunk. Do you find
it? I haven't had time yet to bring
order out of chaos. A manager's trunks
are like a junk shop, with everything
from a needle to an anchor."

Filling his pipe from the receptacle
indicated, which lay among old cos-
tumes and wigs, the soldier seated him-
self near an open window that looked
out upon a balcony. Through a door at
the far end of the balcony a light
streamed from a chandelier within,
playing upon the balustrade. Once the
figure of the young actress stepped for
a moment out upon the balcony. She
leaned upon the balustrade, looked
across the city, breathed the perfume
of the flowers and then quickly van-
ished.

"Can you spare me a little time to-
morrow morning, early, before re-
hearsal?" said Saint-Pro-
sper daily.

"Yes," returned the manager in sur-
prise. "What is it?"

"A foolish piece of business. The
patron is in New Orleans."

Barnes uttered an exclamation of an-
noyance and apprehension. "Here!
What is she doing here?" he said. "I
thought we had seen the last of him.
Has he followed—Constance?"

"I don't know. We met today at the
races."

"It is strange she did not tell me
about it," remarked the manager with-
out endeavoring to conceal the anxiety
this unexpected information afforded him.

"She does not know he is here." And
Saint-Pro-
sper briefly related the cir-
cumstances of his meeting with the
land baron, to which the manager lis-
tened attentively.

"And so she must be dragged into it!"

exclaimed Barnes at length resentfully.
"Her name must become public prop-
erty in a hour!"

A frown darkened the soldier's face,
but he replied quickly: "Need any one
know? The land baron has not been
seen with her."

"No, but you have," returned the
manager, suddenly pausing and look-
ing down at the other.

The silence between them lasted for
some moments. Barnes stood with his
hands in his pockets, his face down-
cast and moody. He felt that events
were happening over which he had no
control, but which were shaping the
destiny of all he loved best. In the
dim light the rugged lines of his coun-
tenance were strongly, decisively out-
lined. Turning to the trunk with a
quick, nervous step, he filled a pipe
himself. After he had lighted it he
once more contemplated the soldier,
thinking deeply, reviewing the past.

"We have been together for some
time, Mr. Saint-Pro-
sper," he said at length. "We have gone through fair
and rough weather and"—he paused a
moment before continuing—"should un-
derstand each other. You asked me,
when you came in if you were inter-
rupting me, and I told you that you
were not. As a matter of fact, you
were."

And, walking to a table, Barnes took
up the notebook.

"A garrulous single man must tell
his little secrets somewhere," he con-
tinued. "Will you look at the pages I
was writing when you came in?"

Saint-Pro-
sper took the book, and
while he was turning the leaves that
were hardly dry the manager relighted
his pipe, over which he glanced nervously
from time to time at his com-
panion. Finally, when the soldier had
finished the perusal of the diary,
Barnes turned to him expectantly, but
the other silently laid down the little
volume, and, after waiting some mo-
ments for him to speak, the manager,
as though disappointed by his reticence,
breathed a sigh. Then, clearing his
throat, in a voice somewhat husky he
went on sulkily:

"You will understand now why she
is so much to me. I have always
wanted to keep her from the world as
much as possible; to have her world,
her art! I have tried to keep the
shadow of the past from her. An
actress has a pretty face, and there's
a hue and cry! It is not notoriety she
seeks, but fame—fame, bright and pure
as sunlight!"

"The land baron will not cry abroad
the cause of the meeting," said the
soldier gravely. "These fashionable af-
fairs need but flimsy pretenses."

"Flimsy pretenses!" cried Barnes. "A
woman's reputation—her good name!"

"Hush!" said Saint-Pro-
sper.

From the door at the far end of the
balcony Constance had again emerged
and now approached their room.

A dawning glow of an early period sur-
rounded her like a cloud as she passed
before Barnes' apartment. At the
threshold a deep falling collar was closely
fastened, the sleeves were gathered in
at elbow and wrist, and from a "cover-
chief," set upon the dusky hair, fell
a long veil of ample proportions.

With the light shimmering on the
folds of her garment she stood looking
through the open door, regarding the
manager and Saint-Pro-
sper.

"Oh, you are not alone?" she said to
the former. "You look as though you
were talking together very seriously."

She added, turning to Saint-Pro-
sper, "Nothing of consequence, Miss Car-
row!" he replied, dashing beneath her
clear eyes.

"Only about some scenery," inter-
posed the manager so hastily that she
glanced, slightly surprised, from the
one to the other. "Some sets that
are—"

"Flimsy pretenses! I caught that
much! I only wanted to ask you about
this costume. Is it appropriate, do you
think, for the part we were talking
about?" turning around slowly, with
arms half raised.

"Charming, my dear; charming!" he
answered enthusiastically.

"If I only thought that an unbiased
criticism!" Her dark lashes lowered;
she looked toward the soldier half shy-
ly, half mockingly. "What do you
think, Mr. Saint-Pro-
sper?"

At that moment her girlish grace
was irresistible.

"I think it is not only appropriate,
but—looking at her and not at the
costume—'beautiful!'"

A gleam like laughter came into her
eyes, nor did she shun his kindling
gaze.

"Thank you," she said and courtesied
low.

NEW DISTILLERY

**DR. HESSIG AND MR. W. N.
LEVAN TO START ONE.**

Paducah is soon to have another
distillery. Work on the building began
this week and the new industry will
be in full operation by March, it is as-
sured.

Dr. H. T. Hessig, the well known
south side physician, and Mr. W. N.
Levan, the grocer of Mill and Bridge
streets, are the persons who will build
the distillery and it will cost in the
neighborhood of \$4,000. They in-
tend to start on a small scale but make
good whiskey, increasing the capacity
of the plant as the business increases.
The distillery will be located on
Bridge street, what is generally term-
ed the Benton road, in the Tyler
neighborhood and all plans and ar-
rangements have been completed.
This will make two distilleries in the
vicinity of Paducah, adding much to
her industries and enterprise.

WATER FROZE

**AND AS A RESULT MR. D. I.
LEWIS HAS EXPLOSION.**

The water back in the stove at Mr.
D. I. Lewis' residence on Washing-
ton street, near Sixth blew up this
morning about 8 o'clock but fortun-
ately no one was injured.

The water in the "back" had frozen
during the night and when the fire
was lighted this morning, thawed
out. The accumulated steam burst
the back and threw hot water all over
the kitchen. The cook was standing
near the stove when the explosion oc-
curred but escaped injury.
